## **TIDALS**

Tidals are tidal forces personified as canines. Over the course of the story, the dogs evolve into wolves.

The barks and woofs of Tidals are uttered by barking: “Force.” Their howls are uttered by howling: “Fall.” Singularity and most Galaxies cannot converse with the Tidals. JD can understand the tidal language through Gravity.

## **MULTIPLICITIES**

Multiplicities are coupled Galaxies seated in the audience of the theatre. Invariant and Fix are Singularity’s parents. Singularity was born and raised by them in another universe. In that universe, Galaxies do not have a heart and are constantly shedding light. Singularity was an anomaly there, as they hold light within their inescapable heart. Big Bang Tasers are produced by these Multiplicities, as they are laws of physics enforcers in a universe made up entirely of electricity. In “Heat Death,” the Multiplicities cry out for Singularity, after Singularity runs away to our Universe.

## **SOLAR SYSTEM**

Solar System are celestial bodies who speak to Milky Way when they wander the Universe alone. They are like imaginary friends, before these planetary friends physically come to life as puppets and dancers. During the first act, they speak for several billion years (quarter-hour staging time) before the Sun becomes a red giant (zit). Any set of cast members may voice the general Solar System. The principal characters are in brackets [] for potential doubling.
