Time's not rel-a - tive...
The focal point is
to think about our
relatives.

Guitar

21 What is this?! Where's time in all this?

CARTWHEEL

WHIRLPOOL

Enlightenment.

Did I forget to mention that time's in the fourth
dimension? Time's invisible in our third dimension.
So, these strobes of lights will have to do in
presenting the speed of time.

Drum Set

24 Why is my time so slow? Family... When you factor in time...

CARTWHEEL

WHIRLPOOL

Time ain't fast if you keep stressing. Think about something that makes you happy. Exactly. One moment here seems like a million years.

Drum Set

28 One million years with relatives seem like a moment. Moderato

CARTWHEEL

WHIRLPOOL

That's relativity. Time goes by quickly, being clustered with those you love spending it with. Time is specially related to family.

Nah. You dial back your worries
and dilate your memories.
Quit denying reality.

It'll be too late if we turn our backs.
Let's just take it step by step.
