So, fam-i-ly comes first in mind?
You have Singularity's chakras...

F#% B% F#% G#(sus4) D#(sus4) F#% B% F#% B% B F#% Bm(add2) F#% G#(sus4)

Why is my time so slow?
Where's time in all this?
What is this?! Family...

One million years
with relatives seem
like a time is not rel-a-tive...

I'm slow as time... Drop this meditation.
You're de-luded. We're not bending from our objective

Under the cube root of one times speed...? Get bent.
