

SYNOPSIS

Spend an eternity in the family musical of epic proportions. ELLIPSES is the epic cosmology mythology about family, child development, and adulthood. ELLIPSES stars Singularity and their teenage Galaxies and follows their quest to undo the Big Bang, after their family dog Gravity sets it off. The chronology of our Universe is truly a family drama in play.

Every character is named after a celestial object. Singularity is the single parent who locked their kids in the house. Milky Way is the baby sibling who is going through galactic puberty.

SPT0615-JD is the rebellious young adult who wants to leave home to go explore the Universe.

JD is sick and tired of being stuck in the house with their family.

In a violent altercation, JD shoots Singularity to run away from home with Gravity (aka the Big Bang). Without their parent, the younger siblings are left to fend for themselves in the vastness of the cosmos. These Galaxies spend the rest of time searching for their missing oldest sibling.

The supermassive heart of the story is the Big Bang Theory and finding oneself in the nothingness, as an anomaly and family. Family is everything. Everything is family. When it comes to nothing... Nothing is an opportunity to make something of yourself.
