Subject: {along the lines of demo meeting for ELLIPSES or something better}

Hello,

We would like to schedule the best time to gather and discuss how to record "Crunch" and "Warp, Waves, and Wrinkles." At the Zoom meeting, we will address and adjust the text, music, pay scale, and answer questions. Let us know your availability for next week (Monday, March 8 – Sunday, March 14).

If you'd like to take a look beforehand, the materials may be found here:
